

## About TAS

Ana Tinsley, President and CEO of TAS began with a bachelor's degree in math along with a minor in business administration. She compiled an additional 14 years of pension plan administration experience with the actuarial firm of Rudd and Wisdom, Inc. Most recently she spent three years serving the needs of many thousands of participants in hundreds of public defined benefit pension plans in her role as Benefits Director for the State of Texas, Fire Fighters Pension Commission. This combined experience gives her unique insight into the daily needs and challenges that plan sponsors face.
